8. Warranty – select exactly one option

- ☐ A – Agreed warranty as described in an attachment (state scope, duration and exclusions).
- ☐ B – Statutory warranty rules apply without an additional contractual warranty.
- ☐ C – Only for a legally permissible private sale: sold as inspected and test-driven, excluding statutory warranty to the extent permitted by law. This does not cover fraudulently concealed defects or expressly warranted qualities.

For a commercial sale to a consumer, option C must not be adopted without legal review. Individual promises, the advertisement and mandatory law may prevail.
